Three Rivers Union School District
2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
	For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
	For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Three Rivers School District is a K-8, single school district located in the foothills of the Sierra Nevada Mountains, just before the entrance to Sequoia National Park. The school houses approximately 100 students with a TK-4th grade single classroom configuration and a 5th-8th grade middle school model that allows for a smooth transition from elementary school to middle school. Our mission statement is as follows: "The Board of Trustees, staff, parents, guardians, and community are dedicated to the intellectual, personal, social, emotional, and physical growth of our students. We aim to promote curiosity and a love of learning, enabling our students to expand their potential, and preparing them to become productive, responsible, ethical, creative, and compassionate members of society. We value and support a diverse, inclusive, and safe campus where all students are understood, appreciated, and respected." Our vision is to create an exceptional and rewarding educational environment that integrates the community's natural resources, history, arts, and human capital as foundations for learning. Our goals are to: 1) Actively engage students in learning by using a stimulating and hands-on approach. 2) Motivate students to develop lifelong skills in communication, collaboration, problem solving, critical thinking, creativity, and leadership. 3) Create a variety of learning pathways that are reflective of individual students' needs and capabilities and 4) Extend the educational environment beyond the walls of the classroom so students can discover that active learning can happen anywhere.

Students are offered many opportunities for enrichment and curriculum enhancement. Participation in activities such as Cyber Quest, Math Super Bowl, Spelling Bee, Physics Day, Poetry & Prose, Science Fair, Young Author's Fair, Artists Exhibitions, Youth Leadership Summit, Student Government, Volunteers in the Park, Service-Learning Opportunities, athletic events, community events, a variety of field trips, and many others give students a well-rounded education full of experiences that enrich their lives.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Three Rivers School grounds and facilities are kept watered, mowed, cleaned, and absent of any dangerous obstacles. The staff at Three Rivers School takes pride in keeping the campus in good condition. The District was approved for approximately $1.4 million in modernization funds which were used to modernize Rooms 1-3, the primary bathrooms, Rooms 10-13, known as the Hexagon Wing (Jr. High), and the bathrooms within. The Superintendent and Board of Trustees are currently working on a plan to continue to address short- and long-range facility improvements.

B. Pupil Outcomes	**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
   The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	61	N/A	61	N/A	47
Mathematics (grades 3-8 and 11)	N/A	42	N/A	42	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement	State Priority: Parental Involvement
	The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

There are many opportunities for involvement at Three Rivers School. Some examples include: helping in a classroom, going on field trips, assisting with fund raisers, School Site Council (SSC), Eagle Booster Club (EBC), Three Rivers School Foundation, volunteer coach of school athletic teams, volunteer in the library or science lab, share a talent or skill with students in an assembly format or as a directed lesson in the classroom, volunteer in the visiting artist program. Three Rivers School is an integral part of our community. We are generously supported by local community organizations and we rely on and appreciate our volunteers.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

Safety is a top priority at Three Rivers School. The Comprehensive School Safety Plan (CSSP) is updated and posted annually and includes strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus and aspects of social, emotional, and physical safety for both youth and adults. Safety drills (Fire, Earthquake, and Lockdown) are held on a monthly basis. There are regular campus inspections to check safety issues. Items in need of repair are attended to in a timely manner. Discipline procedures are in place to ensure a safe environment for all students and parents are encouraged to report any safety issues or concerns. Three Rivers School is an open campus and located on a state highway en route to Sequoia National Park. Campus visitors are monitored carefully and are required to sign in and out of the school office. The School Site Council (SSC) and the Board of Trustees reviews the School Safety Plan annually. This year, the plan was reviewed by SSC on January 25, 2023, and by the Board of Trustees on February 1, 2023.

Professional Development

Three Rivers School certificated staff participate in four full days of staff development a year. The first two are held prior to the beginning of the school year and vary in content depending on the needs of the staff at that time. The other two are held in October and June. The subject for these staff development days is determined by the needs of the staff (i.e. school safety training, CPR training, student engagement training, technology training etc.). Throughout the year, the staff either participate in the countywide day or we stay on campus and set a personalized agenda based on the needs of the staff. The staff development day may be set up as many different workshops from which teachers can choose or the whole day may be spent on one important topic. There are up to nine minimum days during the school year on which focus on instructional planning and scheduled PD's. In addition, teachers may request to attend an offsite workshop appropriate for their needs. Approval by the Superintendent is needed as well as the availability of a substitute and availability of funds in the budget.

This table displays the number of school days dedicated to staff development and continuous improvement.
